Final Plans Made For Charter Night Program

SOUTH LANGHORNE, MAY 1.—Final plans for charter night celebration to be held May 6th at the Hotel Jildebrecht, Trenton, N. J., were made on Tuesday evening at the session of Bucks County Lincoln Highway Kiwanis Club, held at Royal Gardens, Bensalem Township. Edward D. Johnson, vice-president, opened the meeting and led in group singing. The invocation was delivered by the Rev. Harold Schick, pastor of Siles Methodist Church.

Charter night committee chairman, Harris E. Murray, reminded Kiwanians that the planned affair is open not only to members and their wives or women friends, but also to other friends and relatives. He urged that tickets be secured within the next few days from any committee member or at the office of the secretary, 14th Lincoln highway.

Club president H. A. Waldkoenig presided during the portion of the meeting devoted to charter night plans. He pointed out that this event will be unique in the history of Kiwanis International, the local club not be sponsored as is usual by one or two clubs in this area, but by the Trenton Club of New Jersey and Old York Road Club of the Pennsylvania district. "This will be the first time in Kiwanis history that a club charter will be presented by the Kiwanis governors of the two state districts, New Jersey and Pennsylvania."

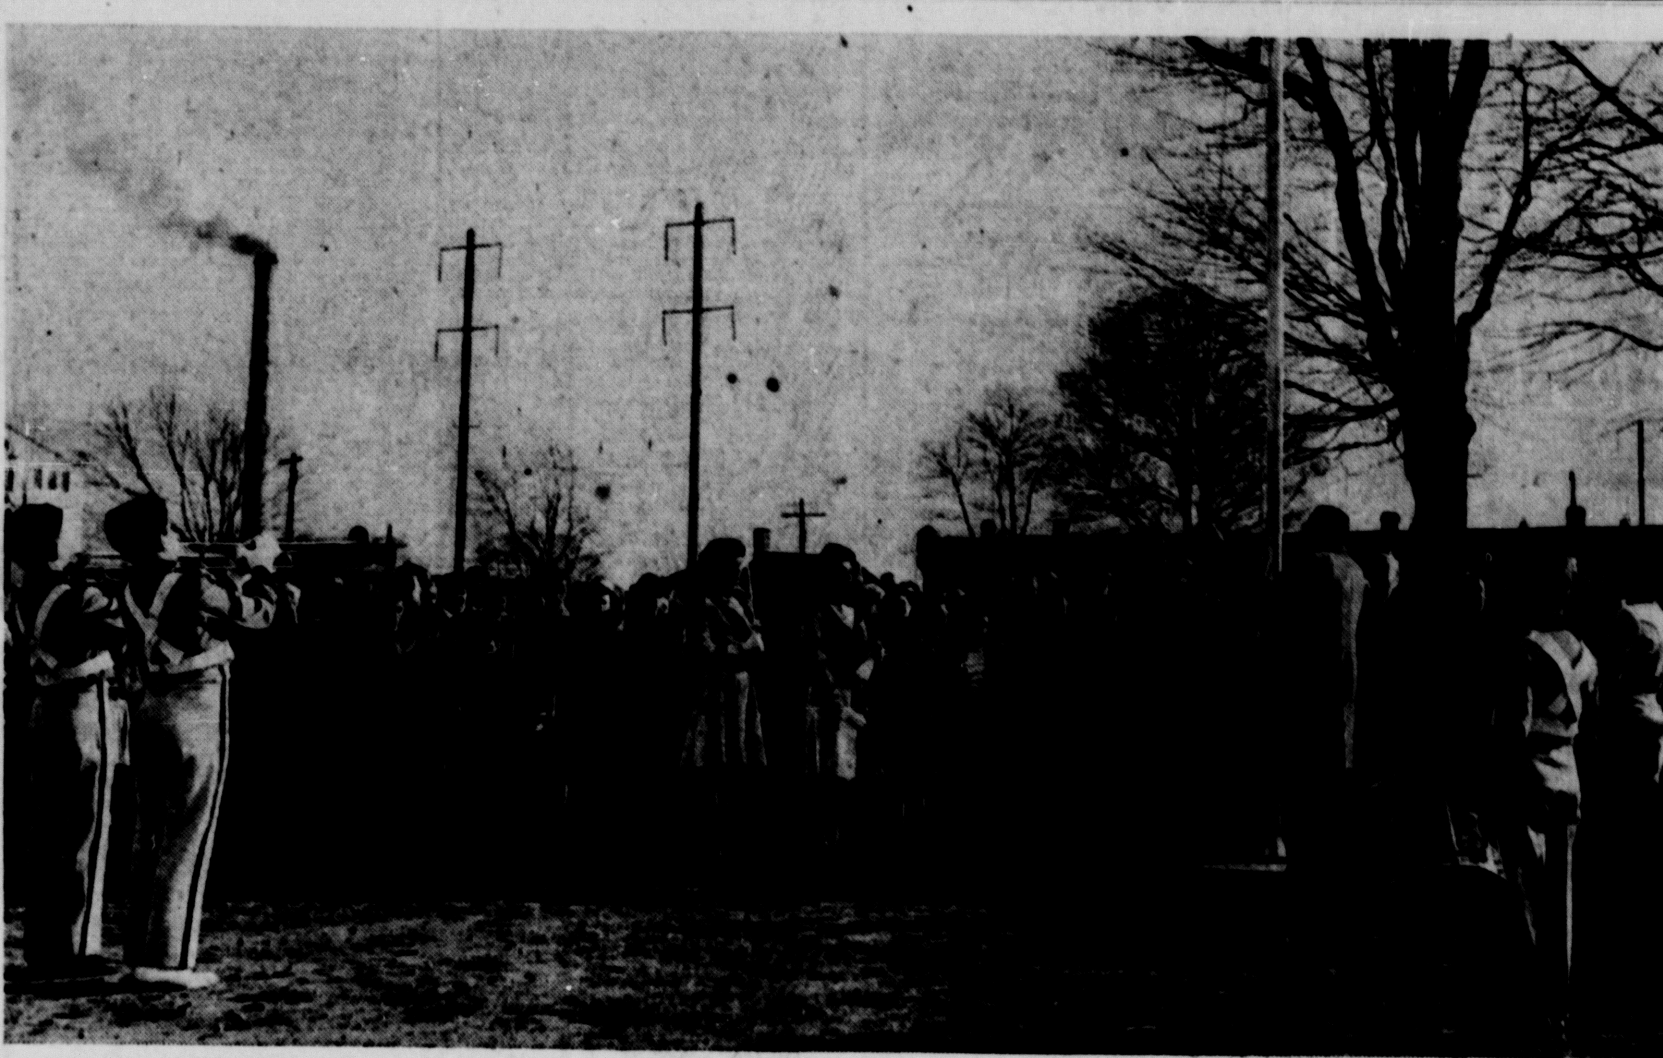

The scheduled speaker, Daniel L. Diehl, Souderton, lieutenant governor in charge of 13 clubs in Bucks-Montgomery district, was unable to attend, as he was "grounded" in New York.

A SUMMARY OF THE NEWS

Three large steel companies signed two-year contracts with the CIO for a 15-cent hourly rise, and John L. Lewis kept open the door for separate negotiations with the southern soft-coal operators.

Senator Taft weathered a revolt in his own party when the Senate defeated, 59 to 35, a move to divide the omnibus labor bill into four parts. He then sought to stem Western resentment over House cuts in the Interior Department budget by pledging full consideration for reclamation needs.

This country must maintain its own economic health if it is to meet its international responsibilities, Commerce Secretary Harriman told the United States Chamber of Commerce, which went on record for budget, tax and debt cuts.

Signs of a break in the bipartisan foreign policy and of a resurgent isolationism were seen in passage by the House, 333 to 66, of a post-UNRRA relief bill cut from \$350,000,000 to \$200,000,000.

Greece needs \$300,000,000 in immediate American aid and should finance a \$335,000,000 five-year reconstruction program after that, the Porter Committee reported to Secretary Marshall. Changes in the governmental structure of Greece were urged.

MORE ON MARSHALL

Most people tend to be suspicious of "high pressure salesmanship."

The air of urgency with which the so-called Truman foreign policy is being pushed is one of its most disturbing features.

Here we have a situation which has been smoldering for years. The tension between the American system and the Russian is no new discovery. For years after the Bolshevik revolution, we refused to "recognize" Russia. It wasn't done until after Franklin Roosevelt became President.

When Russia threw in with Germany, and helped Hitler split up the spoils of Poland, non-sympathizers with Communism said "I told you so." Then when Russia "repented"—after Hitler's armies had invaded her—Russia was welcomed back to the New Deal fold. But even in the closest periods of friendship, Russia was an unruly partner.

Two years after the United Nations program was set going, and still longer after the Yalta conference "appeased" Russia into a position of supremacy over Europe, and a few months after the whole New Deal political machine took a memorable shellacking at the polls, we are told suddenly that Russia is a menace we must hurriedly prepare to meet.

Our Secretary of State informs us that it is "mandatory" that we plunge into "unity of action." He says "we can't ignore the factor time," that "action cannot wait," that "action . . . must be taken without delay."

Now, in all this medley of words which sound almost like military orders to a supposedly free people, there are two important questions which Secretary Marshall left unanswered. These are:

First, what kind of "action" does he think we have to take? Second, why this sudden and imperative need for haste?

Going back for a moment to the manner in which the Secretary presented his report, what is the reason he spoke so constantly in the imperative mood? Is he a public servant—or is he a new-found boss? Is he reporting to the Government, including the U. S. Senate, which (if the Constitution is still in operation) has the duty of considering and sanctioning treaties—or is he simply "telling" them?

What has happened when a public servant tells the supposedly "sovereign people of this supposedly free and republican nation that it is "mandatory" they do something he had de-

The trophy, donated by the Kaiser-Fleetwings Corporation, was awarded on the basis of team play, good sportsmanship on and off the court, and offensive and defensive playing. Mazzanti also won the award last season.

Ralph Palladino, president of the league, acted as toastmaster and the honored guests were: Rev. Andrew Solla, rector of the Presbyterian Church of Our Saviour, who gave the invocation; Arley Queen, president of the Bristol Chamber of Commerce; Mr. S. Epply, director of Montgomery and Bucks County Y. M. C. A.; Paul Barrett, Esq., Chief of Police Linford Jones, Bucks County Detective Anthony Russo, Justice of the Peace Arthur P. Brady; Rev. W. E. "Fashions in Music" Will Be Presented Before Club

"Fashions in Music" will be presented to members of the Bristol Travel Club by Roselynd Golden Largman tomorrow afternoon at 2:30 in the club home.

"Fashions in Music" is a program that surveys music through the ages. It explains how music reflects an era, just as do fashions in dress. Illustrations at the piano offer music to suit everyone's taste—gay, serene, present-day, past, music of many nations. All of these combine to make "Fashions in Music" an exciting, informative "Musicology."

ROSELYND GOLDEN LARGMAN

Roselynd Golden Largman has had a varied career. She graduated from the University of Pennsylvania and then went on to receive her master's degree at Columbia University, New York, N. Y.

While still in high school, she accepted her first piano pupils. She has kept pace with the newest piano teaching techniques, and today is a leading exponent of class piano.

Through the years she has met and been associated with many of our famous musicians—Stokowski, Ormandy, Rodzinski. She is a conductor in her own right, having developed many choral groups.

Modern dance, with its fascination and experimental excitement has held her interest, too. She has worked with many famous dancers, including Mary Binney Montgomery.

For several years she was associated with radio, and wrote some of the first scripts for F. M. It was during this time that "Fashions in Music" was patterned.

Mrs. Clair Bradley VanSoest will be another guest entertainer and will render two vocal selections.

The program has been arranged by Mrs. John A. Moyer, music chairman, and the hostesses will be Mrs. Albert M. Bowden and Mrs. Doron Green, who will serve tea to members and their guests.

HIGH SCHOOL NINE DEFEATS TRENTON IN REAL SLUGFEST

Bunnies Win Game Played On Trenton Field By Score 14 to 12

BRISTOL HAD 15 HITS

Morrell and Killian Led The Bristol Batmen With 3 Hits Each

TRENTON, N. J., May 1—Bristol High and Trenton Catholic High engaged in an old-fashioned slugfest on Wetzel field yesterday afternoon with the Bunnies finally winning out by a 14-12 score.

Bristol had 15 hits in the contest and scored eight runs in the second inning. Trenton had a 4-2 lead in the second and came within one run of deadlocking the score in the sixth. But four markers in the sixth clinched the tilt for the Pennsylvania boys.

Dave Morrell and Paul Killian led the Bristol batmen with three hits each. Littwin, of Trenton Catholic, hit a home run with the bags loaded in the second frame.

"Johnny" Pindar and "Gib" Closserman hurled for Bristol, while Littwin, Gledin and Fahey pitched for Catholic.

ST. ANN'S CAPTURES 2ND STRAIGHT GAME

St. Ann's A. A. captured its second straight victory of the Bristol Suburban League last evening on the Maple Beach field, trouncing the Langhorne Legion, 9-2. The game was called at the end of the fifth with the "Saints" still having the bags loaded.

Gene Sarganese, diminutive southpaw from Burlington, pitched for the 1946 champions and limited the Langhorne boys to two hits, both clean singles to center by Buck and Tomlinson.

On the St. Ann's attack, Gene's brother, Walt, played a prominent part with a double and single. He drove in three runs and scored another.

The feature fielding play of the game was in the fourth when "Lou" Tomlinson, of Langhorne, made a brilliant running catch of Bert Barbetta's foul fly.

LEGION SCORES THE FIRST UPSET OF THE SEASON

Hitting the Ball Hard, 'Vets' Top the Goodwill Nine

FINAL SCORE IS 11 TO 5

Faherty Started On Mound, But Gave Way To McGerr

Hitting the ball hard, the Bristol Legion scored the first upset of the season last evening on the Memorial Park diamond as it topped the Goodwill Hose nine, 11-5, in a Bristol Suburban League tilt.

The Legion boys had nine hits and bunched them in the second, third and fourth innings to score all its markers.

In the log of Legion hits were triples from the bats of Glassman and King in the second, and a double from the bat of Marsh in the third. The winners were also the recipients of four passes.

Faherty started on the mound for the hosmen and gave way to "Bill" McGerr in the second. "Mike" Petersen went the distance for the Legionnaires and although touched for seven safeties, kept them well scattered.

Salvation Army Campaign Gets Started in Bucks

Continued from Page One

Charles M. Meredith, Jr., Quakertown; E. F. Ammons, Ivyland; Mrs. Norman J. Mortimer, Buckmanville; Mrs. Ella Munchback, Newportville; Henry C. Parry, Langhorne; Miss Marion E. Peck, Miss Margaret Perry, Hulmeville; C. Winslow Roberts, Southampton; Miss Merle Stettler, Ivyland; Miss Dorothy Van Sant, Cornwells; George A. Walton, George School; William M. Hill, Jr., of Sellersville, is co-chairman for the northern area; J. Carroll Molloy, Jr., co-chairman of the central area and A. E. Lewis, co-chairman of the lower area of the county. Wallace G. Murfit, of Newtown, is chairman of the Bucks County campaign.

The work of the Salvation Army today can be summarized from the first two paragraphs of the letter that many Bucks Countians have received from the committee.

"The word 'Salvation' in the name of The Salvation Army, is most significant. The whole world knows that the 'Army's' final purpose is to promote the principal welfare of those who otherwise might yield to evil influences. The method whereby this is done is to act as the Good Samaritan, to serve others when in distress, to let them understand that someone cares, to strengthen them bodily and mentally and then to show them the way to spiritual peace. This is practical Christianity."

"From 1941 to 1945, we all worked and sacrificed together to win the war against a foreign enemy; can we not now do the same to win a struggle at home against privation, hunger, unhappiness and crime? The Salvation Army, by your dollars, is conducting that war."

Veterans' Committee at Southampton on Monday.

In the absence of the chairman, Joseph W. Hopkins, Jr., of Lacey Park, the secretary, Robert G. Stahl served as presiding officer.

Following a discussion concerning the importance of having "rural chapters" represented June 19-21 at the Milwaukee convention, Herman Silverman, of Dyerstown, indicated that he might be able to represent the local veterans.

Stanley and Bruce Harding, following a discussion showing that "the chapter needs a meeting place of its own and a club house where veterans from the community may assemble," were elected to conf. with Conestoga Rod and Gun officials relative to entering a building program.

Indicating their interest in girls and in carrying on the work of the Youth Recreational Council's program, members of the Doylestown Junior Women's Club, Monday evening, contributed \$25.

It was announced that Mrs. Carl E. Oldach, Mrs. Richard H. Burd and Mrs. Clarence B. Harold will be delegates at the Pennsylvania Federation of Women's Clubs' state convention.

Officers for the next club year were elected as follows: President, Mrs. Richard H. Burd; vice-president, Mrs. Christian H. Miller, Jr.; recording secretary, Mrs. Philip Elkin; corresponding secretary, Mrs. Richard Linsenmaler; treasurer, Mrs. Joseph Howe.

HALT CONSTRUCTION OF COOLING TOWER

Another Firm Engaged To Complete Job Begun At Perkasie Spray Pond

A COMPLETE SURVEY

PERKASIE, May 1 — All work on construction of the cooling towers here was brought to a halt by action of borough council a few days ago, council then entering into agreement with a Lansdale engineering firm.

The agreement provides for a complete survey of the present plant and its possibilities for expansion and costs of expansion together with potential earnings of modernized plant.

The firm will make the survey, together with a report of the findings for \$2000, and will submit the report within 30 days.

Council took this action after a lengthy discussion, in which it was pointed out by several members that such action should have been taken before work was begun on the cooling tower. Council entered into a contract for a cooling tower at a cost of more than \$20,000 six months ago. A pipe line from the plant to the spray pond was installed during the winter at a cost of approximately \$15,000, and work was begun two months ago on the erection of a foundation for the cooling tower.

After work had begun, Council retained Richard Cooney, Lansdale,

as a consulting engineer for the erection of the cooling tower at a cost of \$2000 for the job. Upon the suggestion of Mr. Cooney, a local contractor who had begun work on the foundation, was dismissed and a Lansdale firm was employed. Council's action last week calls a halt, temporarily at least, to the Lansdale contractor's work. The material for the cooling tower was delivered several weeks ago.

PLEASED WITH METERS IN QUAKERTOWN BORO'

Average Weekly "Take" Is
\$180; Were Installed
Six Weeks Ago

NO FINES AS YET

QUAKERTOWN, May 1 — An average of \$180 is being received by Quakertown borough from the new parking meters, installed in the shopping district here about six weeks ago.

The early attitude of some localities and visitors as well is said to have changed; those who opposed installation of the meters at first finding them a great aid in parking.

There are approximately 160 meters in Quakertown. According to the police and others who know, the parking meters have driven the 20-car parkers off the streets of the business section to a public parking lot in the mid-town section where there is free parking.

Quakertown's meter regulations call for a two-hour parking limit. Motorists can park 12 minutes for one cent; 24 minutes for two cents; 36 minutes for three cents; one hour for five cents; and two hours for 10 cents.

Those violating the meter regulations are ticketed and asked to report at the Quakertown Police Station where, so far, no fines have been imposed—except in flagrant cases—but the offender is there acquainted with the rules and regulations.

One extra policeman was added to the Quakertown force which now is composed of five officers. One officer is detailed to check the meters. The money is collected once a week.

Quakertown borough council president Martin Holsinger told a reporter that between 6000 and 7000 cars are being parked by meters each week in Quakertown, on a three-cent average, which means the 36-minute rating.

The meters were placed in Quakertown without charge to the borough. Seventy-five per cent of each week's "take" goes to the owners of the meters and 25 per cent to the borough until the meters are paid for; then the entire proceeds will go to the borough.

Business people and store owners in Quakertown were not exactly

"sold" on the parking meter idea at first, but they are now loud in their praise of the system, it is stated. They claim that it actually "brings more shoppers to Quakertown" because it is now possible to find a parking space in the business section that was once occupied by the local all-day parkers.

CLAIM MORE BOYS BORN IN WAR YEARS

Effect of War On Proportion
of Boys To Girls Often
Matter of Comment

APPEARS TO BE TRUE

The effect of war on the proportion of boys to girls born in a year has often been a matter of comment.

On an average, the theory that more boys are born during years of war appears to be true. In the four years from 1942 to 1945, 51.42 per cent of all babies born in Pennsylvania were boys, and this figure represents a small increase over the proportion in the seven years from 1935 to 1941 when 51.28 per cent of all new born babies were boys. The actual change in percentage was very small — less than two-tenths of one per cent — and amounts to an increase of about 260 more boys for each of the years of the Second World War than would be normal by the record of the preceding seven years. This increase is interesting, but of no military or economic importance, and it may also be said that only two of the four years of War had a higher

percentage of boys to total births than the peacetime year of 1937, and that for the United States as a whole, the percentage of male births in 1925 was higher than during each of the first three years of war.

So while there is authority for the statement that war produces more boy babies, the increase certainly would do little to provide a significant increase in the nation's fighting strength.

It is, of course, normal for more boys to be born than girls. This seems to be an age-old provision of nature to maintain the biologic balance, since whether in times of peace or war, life is more dangerous for boys and young men than for girls. The number of boys in the state's native white population exceeds the number of girls up to age twenty, after which the number of females exceeds the number of males in all older age groups as it does in the total of Pennsylvania's native white population.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 million tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. (Advertisement).

"KILROY" WILL DO A BLINDFOLD ACT AT THE SPEEDWAY

Spectator to Apply Blindfold; "Kilroy" to Traverse Track Twice

IDENTITY NOT GIVEN

Opening of Track Scheduled For the 11th Day of May

SOUTH LANGHORNE, May 1—That fabulous character "Kilroy" has been a lot of places since he first came into being. Now he is going to make an appearance at Babcock's Langhorne Speedway when the 1947 season of big car auto racing opens there on Sunday, May 11.

"Kilroy" will make his debut at Langhorne in a special event. He will drive twice around the speedway, which is rated the fastest mile dirt track in the world, at high speed while blindfolded. A spectator will be called from the stands to apply the blindfold. Then "Kilroy" will go into his act, driving twice around the oval at a speed of 85 miles an hour or better.

Who is "Kilroy"? The identity of the speed demon who is to demonstrate his blindfolded driving skill will not be made known until he rolls his racing car onto the Langhorne track.

The May 11 opening at the Lincoln Highway speedway will be a program of AAA-sanctioned sprint races. The card will provide more than 100 miles of racing. Time trials are to start at 1:30 (EDT) with the first competitive event listed for 3:00 o'clock. The feature will be a 20-miler.

Many of the most outstanding drivers and cars in the country have already entered the 1947 race inaugurated at Langhorne. Entries include a majority of those who will

strive for fame and fortune in the annual 500-mile Memorial Day classic at Indianapolis. For those cars and drivers the Langhorne opening program will be their last test before the Indianapolis grind.

One of the early Langhorne entries is Joie Chitwood, of Reading. He was fifth at Indianapolis last year and eighth ranking driver in the country. Chitwood will drive the Peters' Special, the Offenhauser he piloted to fifth place in the 1946 Indianapolis marathon. It bears number 24.
